Summary

Highly motivated final-year Computer Science student with strong expertise in software development, data analysis, and artificial intelligence. Proficient in object-oriented programming, algorithms, and web technologies. Passionate about delivering quality solutions and thriving in fast-paced, collaborative environments.

Education

Nalla Malla Reddy College, Narapally, Medchal
Bachelor of Technology, Computer Science and Engineering Aug 2021 - May 2025
- Achievements: CGPA: 8.15/10

Sr Junior College, Medchal
Senior Secondary May 2019 - Nov 2021
- Achievements: GPA:8.94/10

Telangana State Model School Gundala
Secondary Mar 2019
- Achievements: CGPA:9.3/10

Skills

Programming Languages: Java, Python, C
Database Technologies: SQL, MongoDB
Web Technologies: HTML, CSS, JavaScript
Tools & Technologies: Git, Machine Learning, Agile Methodologies, DevOps (Basic Concepts), MS Excel, Power BI
Additional Skills: Data Structures and Algorithms, NumPy, Pandas

Experience

Chegg Subject Matter Expert Mar 2022 – July 2023
Freelancer *Remote*
- Delivered solutions for complex subject-related queries using strong **analytical** and **problem-solving** skills, resulting in improved client satisfaction
- Enhanced technical communication by explaining solutions with clarity and accuracy.

Internships

Web Development Intern| CodSoft Jun 2024 – Jul 2024
- Developed responsive, high-performance websites using HTML, CSS, and JavaScript, enhancing user experience and reducing page load times

Artificial Intelligence Intern | IBM Skills Build Aug 2023 - Oct 2023
- Built and deployed AI-driven solutions for data analysis, delivering actionable business insights.
- Collaborated with developers and data scientists to deliver accurate predictions, enhancing the reliability of AI models

Artificial Intelligence Intern | Math Works May 2023 - Sep 2023
- Applied advanced machine learning algorithms to solve real-world AI challenges, improving model efficiency.

Projects

Teacher Track Smart Board | Major Project
- Developed a gesture-based smart board system enabling **touch-free** control for writing, drawing, and erasing tasks, integrated with secure **teacher identification** using wearables.
- Achieved 95% accuracy in **gesture recognition**, enhancing classroom interactivity and creating a hygienic, intuitive teaching experience.

Connect Work | Mini Project
- Developed a web application using HTML, CSS, JavaScript, SQL, PHP Mailer, and hashing algorithms to securely connect customers with service providers.
- Collaborated with the team to implement **email verification** and **authentication features**, achieving a 97% match success rate.

Portfolio | CodSoft
- Created a personal portfolio highlighting technical skills, projects, and certifications.
- Ensured cross-device compatibility with responsive web design using HTML, CSS, and JavaScript.

Certifications

- **Google Project Management:** Expertise in Agile methodologies, Scrum, Kanban, and project collaboration tools like Jira and Asana.
- **Google Data Analytics:** Skilled in SQL, Tableau, R, and spreadsheets for data visualization and analysis.
